

Network Switches

AR335W

802.11G WIRELESS ROUTER

- IEEE 802.11b/g up to 11/54 Mbps
- WPA, WPA2, WMM, Built-in SPI + NAT Firewall
- 4 ports 10/100 Mbps Fast Ethernet switch

ASW308P

8 PORT 10/100 POWER OVER ETHERNET SWITCH

- 4 Port PoE function (Ports 1-4)
- IEEE 802.3/IEEE802.3U/IEEE-802.3AF/IEEE-802.X Flow Control Compliant
- Auto Sensing Between Uplink or Direct Connections
- Plug and Play

NTL008

8 PORT 10/100 SWITCH

- IEEE 802.3/IEEE802.3U compliant
- Auto sensing between uplink or direct connections
- Plug and Play

NTL024

24 PORT 10/100 SWITCH

- IEEE 802.3/IEEE802.3U compliant
- Auto sensing between uplink or direct connections
- Plug and Play

Music on Hold & Line Sharing Devices

NTL300-MP3

DIGITAL MESSAGE UNIT

- Standard MP3 playback
- On-board memory is available for single MP3 files up to 11 MB in size
- Compact design and visible flanges ensure an easy installation
- Constant power source and solid-state memory will re-boot the audio playback automatically after a power outage

NTL100

AUTOMATIC FAX SWITCH

- Automatically detects and routes voice, fax and modem calls
- Provides exclusion and busy tone between phone, fax, and modem ports

NTL200

IDENTICAL 4 PORT EXCLUSION DEVICE

- Automatically detects and routes distinctive rings
- 4 port line sharing device, 4 devices share one line, provides exclusion and busy tones

NTL400

ULTRA SWITCH 400

- 4 x 8 line sharing unit with auto-line hunt
